

Warsaw-Seoul, 11th October 2017**Student Recruiting Agencies in Korea***Dear Sirs,*

We are glad to invite the representatives of your Agency's management to the information seminar dedicated to the topics of Higher Education in Poland and Polish-Korean student exchange. The meeting is to take place on 28th October 2017 in Seoul and is being organized by "Perspektywy" Education Foundation alongside with Commission for International Cooperation of the Conference of Rectors of Academic Schools in Poland (CRASP).

Every year the number of young Koreans in Polish universities increases. This positive for Korean-Polish relations trend is also in line with contemporary education tendencies in the world. It also reflects high level quality of higher education in Poland as well as respected brand of Polish HEIs. In Korea, like in many other countries, prospective students turn to recruiting agencies for help and advice in this important choice of a future career. It is essential that recruitment process for studies in Poland goes according to highest standards and takes into consideration the interests of both the students and Polish universities. A way to obtain this goal is introducing a voluntary process of certification for education recruiting agencies. The principles of this process will be presented during the meeting. Student recruiting agencies certification is conducted within long-term program "*Study in Poland*". Program website: www.studyinpoland.pl

Agencies, interested in participation in the meeting, are kindly requested to confirm their presence before 20th October 2017. Kindly provide the names and job-positions of the delegated representatives, alongside with their contact details: email and phone. Confirmations should be sent to "Perspektywy", to Ms Marzena Tarka at: m.tarka@perspektywy.pl

The meeting will take place on 28th October at the "Study in Europe 2017" educational fair in the Grand Hilton Seoul Hotel, early afternoon (detailed information will be sent to those who confirm participation).

We cordially invite you to take part in the event.

Yours sincerely,

Waldemar Siwiński

President of "Perspektywy" Education Foundation
