President/Rector: Prof. Dr. Mykhaylo V. Miyusov
Odessa, one of the greatest industrial, scientific and cultural center of Ukraine, is the maritime capital of Ukraine.
The Odessa National Maritime Academy is the leading higher maritime educational center in the country, which trains officers in all maritime specialties for sea-going, river and fishing fleet.
The Odessa National Maritime Academy is well-known for a long time in the world of marine shipping thanks to its 45,000 highly qualified specialists, its graduates.

- About 13,000 cadets study at Odessa National Maritime Academy.
- The annual graduation is about 1,500 specialists.
- The Academy was accredited by the State Board of Ukraine with accreditation level IV (the highest).
- The studies are carried out to the graded system. The terms of studies are the following: four years for Bachelor degree and additional one and a half year for Specialist and Master of Science degree.
- The system of ship’s crew training is in compliance with the requirements of the International Convention STCW-78/95 and other international conventions which give graduates the right to work on all types of vessels of native and foreign companies.
ONMA comprises of the following faculties and branches:

- Navigation faculty
- Navigation on Sea and Inner Waterways faculty
