Lodz University of Technology

Lodz University of Technology came into existence in 1945 and is situated in third biggest city of Poland. It is a dynamically evolving university with well- developed structure. Education and research is provided at nine faculties but there are many complimentary units functioning within the university. Nowadays TUL is one of the biggest and the best state universities in Poland. There are 20 000 students at the University.

Education. University has a strong tradition of engineering education and is well known all over the world for its achievements in research, science, education and international cooperation. TUL aims

engineers and managers, fluent in foreign languages, able to demonstrate their knowledge in science, engineering, technology, management and business. At present there are over 1200 students from Poland and abroad at the Faculty.

International cooperation. The academic staff of TUL put the major emphasis on internationalization of education and improving its quality. The cooperation of TUL with foreign universities, research centres and industry began with establishing the University. Nowadays University cooperates with over 300 academic centers from 40 countries.

Poland in 2013 according to the Ranking carried out by Study in Poland .

- Lodz University of Technology was recognized as PROStudent University 2011. The title was awarded by the Student Parliament of the Republic of Poland.
- TUL has been listed on the prestigious 2012 Forbes Diamonds list as the only university among many businesses.
- TUL has ranked second in the number of patent applications filed and granted per employee according to the Patent Office of the Republic of Poland. It is the only Polish university in the European Consortium of Innovative Universities.
- TUL's Technology Transfer Center together with its Technology Transfer Office provide support for effective cooperation of the academic community and business. This is an example of creativity and initiative in research as well as in transfer and commercialization of advanced technologies and solutions.

Only positive impressions...

Katsiaryna Kandybovich (Belarus): *I am from Minsk and I study IT at Lodz University of Technology. I have nothing but positive things to say about my university. My time here has been enjoyable and worthwhile. I've met the most amazing people not just across the country, but from around the world. The administration is always helpful and my experience with the staff has been great. They are willing to help you achieve whatever you want! I've never run into any type of trouble. I have had, for the most part, great professors who really care about their students and help them achieve success.*

at being innovative university of local and international importance.

International Faculty of Engineering. TUL is the only university in Poland with so many well-organised study programmes taught in foreign languages. IFE is a unit of TUL offering programmes taught completely in English and in French, perfectly suited for students from abroad. The main objective of the Faculty is to educate professional

Achievements:

- Lodz University of Technology was awarded both ECTS Label and Diploma Supplement Label which prove that the level of excellence in education is already very high and it continues to grow.
- Lodz University of Technology is the fourth most frequently chosen university by candidates as well as the fourth best technical university in

Student life

Being a student does not require 24/7 studying. What you do after your lectures have finished is equally important. Lodz University of Technology welcomes active people and supports student initiative.

Our students enjoy relaxing in the world of arts and culture. Żak student radio station, which broadcasts around the clock at 88,8 MHz , is over 50 years old! This is the place where many now successful Polish journalists began their careers.

Programmes of study in English and in foreign languages

- BSc Gestion et Technologie (French)
- BSc in Architecture Engineering
- BSc in Biomedical Engineering
- BSc in Biotechnology
- BSc in Business and Technology
- BSc in Computer Science
- BSc in Information Technology
- BSc in Mechanical Engineering and Applied Computer Science
- BSc in Science and Technology
- BSc in Telecommunications and Computer Science
- MSc Computer Science and Information Technology
- MSc in Biotechnology
- MSc in Management
- MSc in Management and Production Engineering
- MSc in Mechatronics
- MSc in Telecommunication and Computer Science

Fields of study in Polish

- **architektura i urbanistyka** Architecture and Urban Planning
- **architektura wnętrz** Interior Design
- **automatyka i robotyka** Automatic Control and Robotics
- **biotechnologia** Biotechnology
- **budownictwo** Civil Engineering
- **chemia** Chemistry
- **chemia budowlana** Chemistry of Building Materials
- **edukacja techniczno-informatyczna** Education in Technology and Informatics
- **elektronika i telekomunikacja** Electronics and Telecommunications
- **elektrotechnika** Electrical Engineering
- **energetyka** Power Engineering
- **europaistyka** European Studies
- **fizyka techniczna** Technical Physics
- **gospodarka przestrzenna** Spatial Economy
- **informatyka** Computer Science
- **inżynieria bezpieczeństwa pracy** Occupational Safety Engineering
- **inżynieria biochemiczna** Biochemical Engineering
- **inżynieria biomedyczna** Biomedical Engineering
- **inżynieria materiałowa** Materials Engineering
- **inżynieria procesowa** Process Engineering
- **inżynieria produkcji** Production Engineering
- **inżynieria środowiska** Environmental Engineering
- **logistyka** Logistics
- **matematyka** Mathematics
- **mechanika i budowa maszyn** Mechanical Engineering
- **mechatronika** Mechatronics
- **nanotechnologia** Nanotechnology
- **ochrona środowiska** Environmental Protection
- **papiernictwo i poligrafia** Paper and Printing Technology
- **technologia chemiczna** Chemical Technology
- **technologia żywności i żywienie człowieka** Food Technology and Human Nutrition
- **towaroznawstwo** Commodity Science
- **transport** Transport
- **włókiennictwo** Textile Engineering
- **wzornictwo** Design Studies
- **zarządzanie i inżynieria produkcji** Management and Production Engineering
- **zarządzanie** Management

Facts & figures: Established in 1945 • 1446 academic staff • 20 000 students (40% women) • 400 foreign students

TUL's Choir has indulged its fans for a slightly shorter time. Nevertheless, 40 years of continual stage presence is rather impressive. It is the best amateur choir in Poland.

TUL's Academic Orchestra is its youngest musical child. Established in 2005, the Orchestra performs classical and popular music as well as film scores.

Annual Juwenalia is the biggest student event. A few days of unforgettable fun. A special event during the Juwenalia is Miss of Lodz University of Technology beauty pageant.

Those with high doses of energy can vent it out by joining any of the 31 sports sections of the Academic Sport Association of TUL. Swimming, track and field sports, martial arts, bridge and chess – whatever suits you best. Team games, paragliding and rock climbing sections have been among the most popular.

For those who want to travel the world, are curious about other cultures, want to make international contacts and gain precious experience, international student organisations and associations are the perfect place. The following organisations operate at TUL: the Board of European Students of Technology BEST, Erasmus Students Network, European Exchange Łódź ESN EYE, International Student Association of Economy and Trade – AIESEC, the International Association

for the Exchange of Students for Technical Experience – IAESTE.

There are almost 60 student circles at TUL. They are perfect places for students who have a passion for science and want to enrich their knowledge and understanding of an area of science.

Nine halls of residence provide accommodation and free Internet access to 3000 students. The student village also houses student organization offices, sports facilities, canteen, corner stores, port office, health care centre, as well as a modern performance hall.
