# Opole University of Technology

**Opole University of Technology** is the largest technical institution in the region with a significant position and tradition, providing education mostly in the area of technical science but also in the fields of management, tourism, sport and physiotherapy. University is located in the south-west part of Poland, in the beautiful city of Opole - the region largest cultural, economic, academic and scientific center as well as the Capital of Polish Song.

University has almost 10 000 students. Its scientific and educational potential of the is built by high-class academic and research staff operating in the fields important for the development of science, economy and public health. At the moment we are among the fastest

growing universities in Poland, continuously adjusting its profile to the World Market economy and dynamically developing international cooperation with numerous academic and industrial institutions from Europe, America and Asia.

University cooperates with over hundred European universities in frame of Erasmus Program. Each year, we welcome more than 200 Erasmus students, offering them the wide range of courses taught in English.

University is a member of international Consortium PROGRES 3. We collaborate with Illinois State University, U.S. and run Polish-American Summer School. As a result of earlier cooperation with Beijing University of Technology – OUTEch signed the agreement with

HANBAN (Office of Chinese Language Council International) establishing center of Poland-China Cooperation - Opole Confucius Institute.

OUTEch provides education in than 24 majors and 5 Ph.D. degrees. University has six faculties:

- Faculty of Mechanical Engineering
- Faculty of Civil Engineering
- Faculty of Electrical Engineering, Automatic Control and Informatics
- Faculty of Physical Education and Physiotherapy
- Faculty of Economics and Management
- Faculty of Production Engineering and Logistics

*Come and study with us!*

## Programmes of study in English

- BSc in Business and Management
- BSc in Informatics
- MSc in Civil Engineering and Structures

- MSc in Mechanics and Machine Design
- MSc in Physiotherapy
- MSc in Economics

## Fields of study in Polish

- **administracja** Administration
- **architektura i urbanistyka** Architecture and Town Planning
- **automatyka i robotyka** Automatic Control and Robotics
- **budownictwo** Civil Engineering
- **ekonomia** Economics
- **elektronika i telekomunikacja** Electronics and Telecommunication
- **elektrotechnika** Electrical Engineering
- **energetyka** Power Engineering

- **europaistyka** European Studies
- **fizjoterapia** Physiotherapy
- **informatyka** Informatics
- **inżynieria bezpieczeństwa** Safety Engineering
- **inżynieria chemiczna i procesowa** Chemical and Process Engineering
- **inżynieria środowiska** Environment Engineering
- **logistyka** Logistics
- **mechanika i budowa maszyn** Mechanics and Machine Design
- **mechatronika** Mechatronics

- **technika rolnicza i leśna** Agriculture and Forest Technology
- **technologia żywności i żywienia człowieka** Food Technology and Human Nutrition
- **turystyka i rekreacja** Tourism and Recreation
- **wychowanie fizyczne** Physical Education
- **zarządzanie** Management
- **zarządzanie i inżynieria produkcji** Management and Production Engineering

**Facts & figures:** • Established in 1966 • 533 academic staff • 141 professors • 25 foreign researchers • 9500 students • 250 foreign students (including Erasmus students)
